Versatile Lighting Solutions

The 100pcs 5mm LED Piranha Light Emitting Diode Lamp is a versatile lighting solution for a myriad of applications. Whether you're a hobbyist, an electronics enthusiast, or a professional in the field, these LEDs are designed to meet your needs. With a range of colors including warm white, red,

****Durable and Reliable Performance****

Crafted with precision, these LEDs boast a robust design that ensures durability and reliability. The transparent clear lens allows for a clear view of the light source, while the 4pin through hole leads make for easy integration into your projects. With a maximum forward voltage of DC 2V-3V and a maximum reverse voltage of high brightness, these LEDs are designed to withstand a variety of conditions. The superbright luminous single colour micro diodo is perfect for creating a vibrant display or subtle accent lighting.

****Customization and Ease of Use****

Understanding that every project is unique, these LEDs are customizable to meet your specific needs. Whether you're looking to create a cool white mini light or add a fun fact about piranha to your project, the customization option ensures that your lighting solutions are tailored to your vision. The LEDs are easy to use, with a maximum forward current of 20ma, making them a practical choice for a wide range of applications. With a pack of 100, you'll have plenty of LEDs to complete multiple projects or to have on hand for future endeavors.
